

ATTENTION PLEASE! VERY IMPORTANT!!

To the main manager of the cartoon network,
I am absolutely in shock and dismay that I see this show on a child's cartoon channel. I was viewing channel 296 today, 4-27-04 at 10:00 p.m., when I had to go take care of some house work. When I returned to the living room not 5 minutes later, there were children lined up all around the t.v. It was then that I was in total shock that this show could be allowed on a trail ride at 6 years old. The name of the show is Fetuma, and the episode was something to do with the "mating season". There was extremem nudity, cursing, violence, aggression, racism and the over all show was nothing that an adult should let a child under the age of atleast 18 watch. I was absolutely shocked and appauled that this station would allow something of this nature on it. I am however going to continue to get the publics attention and notify other innocent parents of this vicious naughsty show on a child's station. I now have to try and explain a lot of things to my son who is 8 and my twin daughter's who is 4! They saw things and heard a whole new spin on life. How dare a child's channel expose children to such filth at such a young age! That is taking away their innocent childhood and filling thier head with qrap they should not know at this age!! I will however see this thru and hope that I hear something back from you very soon on this matter. Thank You! Sincerely, Ashley
